CDM ELECTRONICS SIGNS DISTRIBUTION AGREEMENT WITH GAMMA ELECTRONICS

June 2, 2008, Irvine, Ca...CDM Electronics, Inc., a leading distributor of commercial and military (MIL-SPEC) interconnect products, and provider of value-added contract manufacturing services, today announced the signing of a worldwide distribution agreement with Gamma Electronics (Gamma), a premier manufacturer of polyolefin heat shrink tubing, heat shrinkable boots, expandable sleeves and other insulation products. Under the terms of the agreement, CDM will distribute Gamma's range of products, as well as provide engineering and design support services for those customers requiring such assistance for their OEM and cable assembly requirements.

Included in Gamma's offering are several Mil-spec heat shrink tubing products providing OEMs, cable assembly houses, and contract service facilities high quality thin wall, general purpose, and semi-rigid polyolefin tubing solutions.

"The worldwide market for value added electronics continues to flourish, and with it an ever increasing need for high quality insulation. Moreover, customers continue to seek out alternatives for more flexible service terms than presently offered by some of the major players. Gamma fills that niche nicely." stated Carmen J. DeLeo, General Manager of CDM.

Peter Weyhreter, President of Gamma Electronics, added, "CDM's business model is the perfect fit for our product offering and business philosophy. We are pleased to have such an excellent stocking distributor to service our broad customer base in the Automotive, Industrial, and Military Aerospace markets. We look forward to a mutually successful relationship."
