CDM NAMED EXCLUSIVE U. S. DISTRIBUTOR
BY 2E MECHATRONIC

Turnersville, NJ, June 3, 2005... CDM Electronics announced today the signing of an agreement with 2E mechatronic GmbH & Co. KG in Wernau, Germany, to become the exclusive stocking distributor in the United States of 2E mechatronic's full lines of connector devices for power supplies and power electronics applications. 2E mechatronic manufactures the industries' broadest range of DIN connectors including DIN41612 and DIN41617, as well as connectors for IGBT modules, and custom interconnect devices.

"As a specialty distributor, 2E mechatronic is an ideal addition to our line-card of world-class connector suppliers", said Carmen DeLeo, Jr., general manager of CDM, a leading distributor of commercial and military (MIL-SPEC) interconnect products, and premier provider of value-added contract manufacturing services. "With the agreement, we're able to further strengthen our strategic goals to help save our design engineer and procurement customers time and money by offering next-generation connector technology from a single source."

Silvia Stueckler, head of 2E mechatronic's sales team stated, "The exclusive agreement with CDM expands our global reach and distribution channels to the U. S. market while simultaneously ensuring our customers receive unparalleled service and support, along with industry-leading distribution resources. We are pleased to be partnering with an organization that keeps pace with technological developments, and are confident that our relationship will be both successful and long-lasting."

About CDM

CDM Electronics, Inc. is an authorized, stocking distributor of full lines of high-quality relay sockets and circular, printed circuit, rack and panel, RF, and audio communications connectors. Serving world leaders in the military, aerospace, industrial, medical and telecommunications industries, the Company additionally employs state-of-the industry documented and controlled systems in its value-added contract manufacturer division which specializes in mission-critical cable assemblies. CDM is certified to ISO 9001:2000. For information on CDM and its services, visit www.CdmElectronics.com.

About 2E mechatronic

Recognized as among the world's premier manufacturers and developers of connector technology, 2E mechatronic's extensive product offering is employed globally in automotive, power electronics, telecommunications, military and industrial applications. Headquartered in Wernau, Germany, the organization is a member of the NARR Group/Kirchheim Teck, and is renowned for its custom engineering and specialization in DIN connectors, together with connectors for IGBT modules. 2E mechatronic's products and plants are QS9000/TS16949 Certified.
